

Hospital with heart

Thoracotomy, pleurectomy and segmentectomy.

Zuid-Afrikaans Hospital partnered with Operation Healing Hands during 2020 to assist patients to receive quality medical care and renewed joy!

On 12 March, Dr. Mooloo (Cardiothoracic Surgeon), Dr. Versace (Anaesthetist) and Dr. Stevens (Cardiothoracic Surgeon), the hospital and various staff members donated their time, manpower and resources for a specialist procedure in our Thoracic Theatre.

Cochlear Implant

On 17 March 2020, our little patient received a life-changing operation.

We continue to be grateful for the partnership between Operation Healing Hands, Zuid-Afrikaans Hospital, Hear Up Foundation, Pretoria Cochlear Implant Unit NPO, Hear Joy, Dr. Burden (Ear-, Nose- and Throat Surgeon), supported by Dr. Wium (Anaesthetist) and staff from Zuid-Afrikaans Hospital, for their generous donation of time, skills and resources.

The future for this little girl includes new sounds of joy!

Little Sweetheart breathes clearly!

Sr. Marietjie Scheepers and Leonette from Multi-theatre standing with Baby R who was merely two months old at the time.

We sincerely thank Dr. JD Venter (Ear, Nose and Throat specialist) who performed the nasopharyngoscopy and nasal endoscopy, supported by Dr. Sanet Venter, Anaesthetist, the hospital and staff who donated time and resources.

Hip-Hip Hooray

Through sponsorships and generous donations to Operation Healing Hands, our patient was able to receive a new hip. Years of pain has come to an end and she is now on her way to recovery.

We sincerely thank Prof. Le Roux who was assisted by Dr. du Plessis and Dr. Swanepoel. (anaesthetist), the hospital and staff.
